Company Health & Safety Policy

Neuro Systems Limited recognises that a strong Health & Safety Policy can significantly contribute to a successful business and as such we believe it is an integral part of our business and quality objectives.

Neuro Systems Limited is committed to:

- providing adequate control of the health & safety risks arising from our work activities;
- providing adequate resources to enable the implementation of this policy;
- consulting with our employees on matters affecting their health & safety;
- providing and maintaining safe plant, tools and equipment;
- ensuring safe handling and use of substances;
- providing information, instruction and supervision for employees;
- ensuring all employees are competent to carry out their tasks and to provide adequate training;
- to ensuring accidents and cases of work related ill health are investigated and lessons learned as appropriate to prevent re-occurrence;
- to reviewing and revising this policy as necessary at regular intervals;

Our Health & Safety objectives are contained within the Company H&S manual which provides procedures and advice which will ensure that the Company is able to achieve and improve the way in which it works.

A copy of this Policy and Manual will be issued to all employees.

Commitment to this policy is endorsed by the Directors of the Company
